## Professional Summary:

Highly motivated Computer Science student at Modern Academy with a strong GPA of 3.5. Demonstrated expertise in problem-solving, mathematical analysis, and data structures. Achieved 3rd place in the ECPC university problem-solving competition, showcasing competitive programming skills. Proficient in C++ and Java, with hands-on experience in SQL, and web development technologies including HTML and CSS. Experienced in Object Oriented Programming (OOP) with C++. Quick to adapt and capable of learning new programming languages in a short period. Eager to apply analytical and technical skills in a challenging environment.

## Skills:

- **Programming Languages:** C++, Java
- **Databases:** SQL
- **Concepts:**
  - Object-Oriented Programming (OOP)
  - Data Structures & Algorithms
  - Problem-Solving & Mathematical Analysis
- **Tools:** Git/GitHub
- Solid knowledge of OS internals and network protocols (TCP/IP, DNS, DHCP, etc.)

## Achievements:

- **ECPC Competition:** Achieved 3rd place demonstrating strong problem-solving and teamwork skills.
- **Solved 1500+** problems, gaining experience in algorithms, data structures, and time complexity optimization.
